

MONTAŽNO UPUSTVO ASSEMBLY INSTRUCTIONS

UGRADNA LED SVJETILJKA
RECESSED LED LAMP

“LUMINUS-CR-3”

Vrlo je važno slijediti ovo montažno uputstvo kako bi se montaža izvela ispravno !
It is very important to follow these instruction to enable the fitting to be installed correctly !

1. Dimenzije otvora za montažu:

1. Montage hole dimensions:

P 42,5W	
A (mm)	B (mm)
660	660

2. Ugraditi svjetiljku u otvor:

2. Position the lamp through the opening:

3. Stavite pričvrsnice u utore i zategnite ih odvijačem. Upotrijebite šesterokutni ključ 5 za pričvrsne vijke. Ovisno o debljini stropa, nosači se mogu klizati za jedno mjesto gore i dolje (na SLOT 1 i SLOT 2). Svjetiljka se može postaviti na stropove debljine 40 do 82 mm.

3. Put the fasteners in the slots and tighten them up with screwdriver. Use the hex key size 5 for fastening screws. Depending on the ceiling thickness, carriers can be slid for one place up and down (on picture SLOT 1 and SLOT 2). The lamp can be installed on ceilings 40 to 82 mm thick.

4. Električno spajanje:

Napojni kabel se dovodi kroz za to predviđenu uvodnicu na stražnjoj strani svjetiljke.

4. Electrical connection:

Supply cable is brought to the clamp trough provided gland on the back side of the lamp.

A Električno spajanje Electrical connection

B Električno spajanje / DALI Electrical connection / DALI

C Električno spajanje / PANIK Electrical connection / PANIK

5. Servis

Upotrijebite križni odvijač za otpuštanje vijaka kojim je pričvršćen poklopac (4kom vijaka označeni na slici iznad). Poklopac je otpušten te možete pristupiti električnim komponentama lampe.

5. Service

Use a cross screwdriver to release the screws that secure the cover (4 screws marked on the picture above). The lid is released and you can access the electric lamp components.

HR Opće odredbe o sigurnosti:

1. Samo odgovarajuće osposobljena osoba smije izvršavati montažu i održavanje. 2. Prije montaže provjerite da mreža nije pod naponom. 3. Montaža i održavanje vrši se isključivo izvornim rezervnim djelovima. 4. Samo svjetiljke sa odgovarajućim stupnjem IP zaštite se smiju koristiti u vlažnim prostorima. 5. Upotrebljavati samo odgovarajuće izvore svjetlosti navedene na etiketi. 6. Svjetiljku obavezno isključiti iz električne mreže prije servisiranja. 7. Proizvođač ne jamči za štetu koja bi mogla nastati prilikom nepravilne montaže/upotrebe. 8. Ukoliko se na svjetiljci izvede zahvat koji nije u skladu s uputama, proizvođač ne priznaje garanciju.

GB General safety notes:

1. Mounting and maintenance is allowed only by competent persons. 2. Before installation make sure there is no voltage in network. 3. Repair and maintenance is made with original parts only. 4. Use only fixtures with proper IP protection in wet rooms. 5. Use only suitable light sources indicated on the product label. 6. Please make sure the fixture is disconnected from network voltage before servicing. 7. The manufacturer cannot guarantee for damage caused with improper installation and/or use. 8. Any operation performed on the fixture that is not in accordance with instructions will void manufacturer's warranty.

D Allgemeine Sicherheitsanweisungen:

1. Montage und Wartungsarbeiten dürfen nur von ausgebildetem Fachpersonal durchgeführt werden. 2. Vor der Montage muss überprüft werden, dass sich im Stromnetz keine Spannung befindet. 3. Bei Reparaturen oder Wartungsarbeiten dürfen nur Originalteile verwendet werden. 4. Verwenden Sie in feuchten Räumen nur Lampen mit entsprechender IP - Schutzart. 5. Verwenden Sie nur dafür geeignete Lichtquellen, die auf der Etiketle/ auf dem Aufkleber angeführt sind. 6. Ziehen Sie vor der Wartung unbedingt die Lampe aus dem Stromnetz. 7. Für Schäden, die durch unsachgemäße Montage und/ oder Verwendung verursacht werden, kann der Hersteller keine Haftung übernehmen. 8. Der Hersteller stellt klar, dass keine Garantie gewährt wird, wenn an den Lampen ein Eingriff durchgeführt wird, der nicht gemäß den Anweisungen ausgeführt wurde.

I Note di sicurezza generale:

1. Il montaggio e la manutenzione possono essere eseguiti soltanto da personale con competenze specifici che. 2. Prima di procedere al montaggio, veri care che la rete non sia messa in tensione. 3.
