CLEANROOM SOLUTIONS

## Inox Namještaj

## Cleanroom namještaj

Cleanroom namještaj izrađen je iz nehrđajućeg čelika AISI 304 ili AISI 316. Elementi namještaja izrađeni su iz zvučno izoliranih panela, čvrsto zavareni i obrađeni kako bi se spriječila mogućnost sakupljanja bakterija. Svi elementi (ručke, sudoperi, podesive nogice i dr.) integrirani u namještaj izrađeni su iz nehrđajućeg čelika. Svi dijelovi namještaja lako su perivi, a površine su otporne na sredstva za čišćenje i dezinficijense koji se koriste u čistom prostoru. Cleanroom namještaj proizveden je u skladu sa EU GMP i ISO 14644 zahtjevima.

### Opis ikona:

 AISI 304	Nehrdajući čelik 304	 TRESPA	Radna površina iz trespe
